ALFA FORNI

Mission, Vision & Promise

We want to reach and **inspire people** around the world looking to experience the pleasure of cooking with ovens and **share the taste of life** with their loved ones.

We want to provide professionals and amateurs with **beautiful high-performance ovens proudly Made in Italy with a commitment to quality**, for the best experience and satisfaction.

Art and performance without any compromise!

01

DESIGN E PERFORMANCE

Design and innovation in a single oven

Our Made in Italy design is the result of constant **research**. The goal that has driven our R&D department for years is to **offer the best possible performance, turning the use of the oven into a unique experience**.

A powerful combination of form and authenticity.

DESIGN E PERFORMANCE

Tradition: refractory brick

Alfa's domestic wood-fired ovens are still built by the skilled hands of **artisans who specialise in working with refractory brick.**

01 The refractory cooking surface is the heart of the Alfa oven: authentic, **high-density refractory bricks produced on site in our factory in Anagni.**

02 Refractory brick provides **superior heat absorption and heat retention**, which are essential for reaching the proper cooking temperature for pizza dough.

03 The Alfa refractory brick sits on a 5-cm-thick base layer of a special insulation that improves its **efficiency, stabilising the temperature of the top refractory layer.**

DESIGN E PERFORMANCE

Innovation: steel to protect the fire

Alfa's real innovation is the **stainless steel vault** insulated with ceramic fibre to **maintain the heat** inside the cooking chamber.

- 01 Thermal efficiency** is absolutely vital for maintaining high temperatures. That's why we use ceramic fibre insulation between the inner and outer walls of every Alfa oven.
- 02 This ceramic fibre insulation offers almost twice the resistance** to heat (1,200 degrees compared to 750 degrees) as the rock wool insulation used in other pizza ovens.
- 03 The insulation also allows for faster heat recovery between one pizza and the next** and drastically lowers the temperature of the oven's outer wall.

DESIGN E PERFORMANCE

Flue System Patent

Alfa Forni's research and development department patented its **Flue System™ technology** in 2019. A **smoke extraction system that improves the circulation of hot air inside the cooking chamber**, increasing the oven's thermal efficiency.

This patented design helps Alfa Forni use all the heat available, while others lose it. Another reason why **Alfa lets you enjoy your pizza at home just like you would in a pizzeria.**

Alfa Forni - Flue System

DESIGN E PERFORMANCE

The perfect combination: Forninox technology

The innovation of Forninox™ technology consists in **combining the excellent physical and thermal properties of steel with those of refractory brick**, the material used to build professional ovens.

The **steel structure** ensures adequate resistance to the thermal and mechanical stress caused by the high temperatures reached by the oven.

Insulating the dome with two layers of ceramic fibre instead allows the temperature to be raised very quickly and held for longer, gradually releasing the heat and achieving optimal cooking.

**Italian quality
and technological
evolution
in a single oven!**

02 |

MADE IN ITALY

The art of Italian cooking.

Every Alfa oven is a **100% Italian artisan product with an internationally inspired design.**

The desire to continuously innovate has enabled us to always give you the best technology available to help you cook, grill and roast quickly like a pro.

MADE IN ITALY

A family business since 1977

Leading a professional team requires leaders who can lead and motivate, who have a clear vision of the future and a keen eye on traditions: **Marcello Ortuso and Rocco Lauro are the founders of Alfa Forni** and the soul of this great, wonderful company.

"We are proud to be Italian and we are proud to work with the best Italian artisans!"

MADE IN ITALY

Artisans with a fire inside

The word "artisan" comes from "art". That's why today more than ever, being an artisan means **combining creativity and skill, energy and passion to create something unique** with your own hands.

And it is from those skilful hands that Alfa products are born in Italy: domestic and professional wood and gas ovens that have been **recognised worldwide for their quality for more than 40 years.**

MADE IN ITALY

Our guiding principles

01. QUEST FOR VALUE FOR CUSTOMERS

We strive to anticipate, understand and meet the needs and expectations of our customers through continuous dialogue, providing highly useful products.

02. USEFUL INNOVATION

As an Italian company competing on the global market, we have forged an aptitude for innovation based on tradition, design research, continuous renewal and evolutionary drive that benefits our customers and which we intend to pursue.

03. LEADERSHIP

We seamlessly shape our leadership with strength and tenacity, based on personal example and modesty, trusting people and promoting team spirit to help our employees grow.

04. VALUING PEOPLE

As a family company, we are dedicated to the well-being of our employees and their personal development. We promote respect in mutual relations and believe in the value of lasting relationships with customers, suppliers and other industry partners.

05. RESPONSIBILITY AND INTEGRITY

The utmost attention is dedicated to workplace safety and to fairness and integrity in conduct amongst ourselves, our business partners and the general public.

06. LONG-TERM ORIENTATION

44 years after its foundation, the generational changeover with the inclusion of the second generation in top positions guarantees continuity and long-term orientation. Our harmonious and resilient strategic development are based on prudence and financial soundness.

03

ALFA FORNI

**In the
beginning it
was the oven.
Now there's
Alfa.**

The **pioneering** nature of our roots, the resilience we have built up in the face of change and our internationality have guided us on our journey of **growth**.

Alfa Ovens are designed and conceived as professional ovens. With their unique and patented design, our ovens **guarantee excellent cooking performance** thanks to innovative materials and technologies.

ALFA FORNI

Family DESIGN

To define who we are, we like to start from an **absolute principle**, which for us is quality given by constant innovation, the selection of exclusively Italian materials and **attention to detail**.

Alfa ovens for domestic use are **uniquely designed products, suitable for classic and modern environments**, for gardens and terraces.

MODERNO Line

CLASSICO Line

FUTURO Line

ALFA FORNI

MODERNO Line

The MODERNO Line was designed to enhance the beauty of the design and performance of Alfa ovens while maintaining the characteristic lines that distinguish them. Perfect for those who have many friends with whom to share the taste of Italian cuisine.

Alfa ovens are the most satisfying **outdoor cooking experience**. Every technical feature of Alfa's stainless ovens is designed to improve your life. Starting with the speed of ignition and cooking precision: they quickly heat up to 500° and can cook a pizza in 1 minute.

MODERNO LINE

Nano

One changes name,
but not its substance.

One becomes Nano.

details

Nano is **Alfa's portable pizza oven** with compact dimensions, weighing only 50 kg and with an **unmistakable** Alfa design.

Ideal for those who want to have a **high-performance portable** oven.

Reinforced stainless steel vault with a double layer of ceramic fibre insulation that ensures excellent temperature retention during cooking.

4 tiles almost 3 cm thick, allowing a gradual release of heat from the cooking surface for impeccable cooking.

Simple and direct temperature control with the included pyrometer.

The mouth of the Nano oven is perfect for preventing the escape of heat from the cooking chamber and for being able to comfortably handle pizzas inside the oven.

ALFA FORNI

CLASSICO Line

Alfa's CLASSICO line is a clever combination of traditional lines and technological innovation. Soft but elaborate curves to embellish any space. An artisan oven perfect for elegant villas and gardens.

The unique patented design of our ovens ensures a comfortable and elegant cooking experience, whether in an outdoor kitchen or in the garden, thanks to materials and technologies that promote excellent resistance to moisture and efficient thermal insulation.

CLASSICO LINE

5 Minuti

Our best-selling wood-burning pizza oven.

It has compact dimensions. It only takes 5 minutes to cook.

details

5 Minuti is a wood-burning oven for balconies, terraces and gardens. Its practical wheels make it easy to move.

It has a refractory top and a stainless steel vault, **reaches cooking temperature quickly (in 5 minutes)** and comes with a new base that is higher than its predecessor, making your work even more comfortable.

The entirely stainless steel vault makes it possible to reach high temperatures with little wood.

Cooking surface made of interchangeable refractory tiles 3 cm thick.

The wood can be neatly stored in the base's shelf and used as required.

When the door is closed, the flame is weaker and the food is cooked by conduction and convection. When the door is open, the flame is stronger, contributing to making food be browned and crispy.

CLASSICO LINE

Dolce Vita

The largest gas top oven in the Alfa range, essential in your outdoor kitchen.

details

The oven Dolce Vita Top is **the largest gas oven in the domestic range**, perfect for placing it on a table or shelf. Thanks to its classic, established style and essential lines, it fits harmoniously in any outdoor kitchen or terrace.

The timeless design of this gas oven makes it **meet a wide range of cooking needs**. Excellent and fragrant round pizzas as well as pan pizzas, roasted meat and fish; these dishes will make your relaxing moments in the open air delightful.

The internal structure is made of 441 stainless steel, perfect for resisting high temperatures. The exterior is made of 304 scotch brite steel, a material also used in professional kitchens.

The refractory tiles of the cooking surface are entirely made in-house, are interchangeable and store heat, releasing it into the food being cooked.

Thanks to the pyrometer supplied with the oven, you can always check the average temperature of the cooking chamber.

The large glass door allows to cook even when the door is closed and monitor your food as it cooks.

ALFA FORNI

FUTURO Line

Alfa's **FUTURO** line is specially designed for outdoor kitchens. The design, structure and front in stainless steel make it ideal to pair with your grill or other cooking equipment.

Alfa Forni's evolution lies in the design, innovation and **versatility** of its ovens.

The FUTURO line **allows all types of cooking** and thanks to its capacity, it's ideal for the whole family to eat in little time.

FUTURO LINE

Stone Oven

Designed and Made in Italy with over 40 years of know-how in direct cooking.

Details

The gas Stone Oven oven is the result of a **new Alfa Forni concept that combines design and innovation** in the brand new stainless steel front arch.

Thanks to the Hybrid accessory, you can cook everything from pizza to meat, vegetables and desserts with both gas and wood.

The Stone Oven makes it easy to organise parties at home. **The stainless steel vault speeds up the ignition time like no other gas oven** on the market; it's ready to cook in just 30 minutes!

Stainless steel front and large glass door for monitoring the food being cooked.

The cooking surface is made entirely in Alfa Forni with our over 40 years of Made in Italy expertise, with 8 cm insulation.

The 0-500° pyrometer measures the average temperature of the cooking chamber.

Equipped with comfortable feet that can be adjusted by up to 7 cm, the Stone Oven is an outdoor oven that cooks up to two 28-cm pizzas at a time in just 90 seconds.

ACCESSORIES AND COMPLEMENTS

The **tools** of the trade.

To get the most out of your wood-fired oven, Alfa Forni has put together a complete catalogue of accessories to make preparing and cooking food easier, letting you serve dishes full of flavour and tradition.

Alfa accessories will ensure that you **always have the right tools at the right time**. All the tools in the Kits are certified for food use and selected according to the highest quality standards.

ACCESSORIES AND COMPLEMENTS

Multi-functional **base**

Multi-functional pizza base that serves as a **station for preparing pizzas** and as a **base** for ALFA top ovens.

Available in the following versions: 100 cm - 130 cm - 160 cm.

*The 130 and 160 cm models include a cylinder cover bulkhead and two umbrella holes.

Protect your oven with **Alfa Covers!**

ACCESSORIES AND COMPLEMENTS

Kit Pizzaiolo

The Kit Pizzaiolo includes **all the tools you need to prepare and roll out pizza dough, bake and serve it.**

1 RAKE PEEL

The **ember rake** lets you manage the cooking floor. Use it to move ash, embers and wood safely.

2 TURNER PEEL

The **turner peel** is used to turn pizzas while they are cooking.

3 BRUSH PEEL

The **brush peel** has brass bristles that make cleaning the refractory surface more effective without scratching it.

4 PIZZA PEEL

Peel for putting uncooked pizza in the oven, with holes to allow excess flour to fall out.

5 WOODEN CUTTING BOARD

The **wooden cutting board made of food-grade spruce** allows you to follow the grooves to cut pizzas into equal parts.

6 LASER THERMOMETER

The **infrared thermometer** makes it easy to read the temperature at every point of the cooking surface

7 OVEN MITT

Heat resistant glove in continuous-filament, 100% cotton bouclé yarn.

8 BREAD SPATULAS

Asymmetrical peel for easily gripping bread.

9 PIZZA CUTTER

Pizza cutting wheel with an ergonomic handle and removable steel blade.

10 ALFA APRON

With the ALFA apron, everyone will know that **you're the chef.**

11 COOKBOOK

Lots of **recipes for your wood-burning oven.** Developed by the chefs of the Alfa team.

12 PIZZA DOUGH BOX

The box ensures the proper air conditions for the **dough rising process.**

ACCESSORIES AND COMPLEMENTS

Professional peel set

The new pizza peels **designed by Alfa** are the result of more than a year's research by the R&D team: **all the peels can be unscrewed and screwed together** if necessary using universal extensions, starting from 95 cm up to the desired length.

RAKE PEEL

Ember rake: made of stainless steel, it lets you safely move ash, embers and burning wood.

TURNER PEEL

Turner peel: light, robust and handy, it is used to turn pizzas while they cook.

BRUSH PEEL

Brush peel: brass bristles that make cleaning the refractory surface more effective without scratching it.

PERFORATED PEEL

Peel for putting uncooked pizza in the oven, with holes to allow excess flour to fall out.

HANDLES AND EXTENSIONS

Anodised aluminium tubular handles and duroplast grips.

Details

Vela peel holder

In addition to being convenient and functional, the Vela peel holder is an accessory with a refined and innovative shape that perfectly adapts to the interior and exterior of your home.

Rotating grill: allows you to adjust the cooking time, moving food with a simple gesture.

Tongs: for handling food while it's cooking.

Tray: sized to the grill to protect the cooking surface, ideal for melting excess fat during cooking.

ACCESSORIES AND COMPLEMENTS

BBQ 500

With "BBQ 500", your Alfa oven becomes a barbecue with the power and control to cook with a flame and embers, up to 500°C, in both gas and wood-fired ovens.

Available in the following versions: 30 cm - 37 cm.

4 heat sources!

- 1 Open flame
- 2 Hot embers
- 3 Enveloping dome
- 4 Hot brick

WOOD HOLDER:
It contains the firebox, passing the proper amount of air for combustion and keeps the cooking surface clean.

BURNER LID
A special lid for the gas burner, which prevents damaging the gas supply system when using the oven with wood.

Details

ACCESSORIES AND COMPLEMENTS

Kit Hybrid

The Alfa Forni patented kit makes it possible to **use your gas oven with wood:** cover the burner on the left with the special burner lid to protect it from soot and the heat of the flame, and use the wood guard on the right to keep the wood on the side.

Alfa Wood holder

The advantages of using the Alfa wood holder are:

- Quick and easy flame ignition thanks to the increased passage of air under the wood.
- Easy cleaning during use of the wood-burning oven
- Functional and elegant design, with perforated Alfa logo.
- Made of high-quality steel.
- Available in 37 or 59 cm versions.
